## CHC22015 Certificate II in COMMUNITY SERVICES

Are you interested in caring and helping people? Children, older people and those living with disabilities all need your help. This is a growing industry with many opportunities to build your career and really make a difference to others.

Work in our fully-equipped training room at CCG with lots of opportunity for hands-on practice. You will develop the essential knowledge and skills for work in child care, aged care, home and community care and disability support.

Community College Gippsland offers a range of nationally recognised and accredited qualifications.

For further information please contact the  
VET Manager for Community Services
