

# VICTORIAN CERTIFICATE OF APPLIED LEARNING

# VCAL

The hands-on option  
for Year 11 and 12 students

Information for students and parents

# WHAT COUNTS TOWARDS MY VCAL?

## WHAT IS VOCATIONAL EDUCATION AND TRAINING?

Vocational Education and Training (VET) provides an opportunity for schools, training institutes and industry to work together in preparing students for employment and further training. Most secondary schools offer VET courses that contribute to satisfactory completion of the VCAL and provide a VET credential that is recognised nationally.

## WILL PRIOR VET STUDIES COUNT TOWARDS MY VCAL?

Yes. You should speak with your teacher or careers counsellor to work out how much of your prior study counts towards your VCAL and to plan the remainder of your VCAL program.

## I HAVE ALREADY DONE A VCE SUBJECT. WILL THIS COUNT TOWARDS MY VCAL?

Yes, if you have an 'S' result for the satisfactory completion of a VCE unit, it will count towards your VCAL. You should speak with your teacher or careers counsellor to plan the remainder of your VCAL program.

## CAN I SWAP TO THE VCE IF I CHANGE MY MIND?

You should discuss this with your teacher or careers counsellor if you decide to take this option.

## CAN I WORK PART-TIME OR CONTINUE AN APPRENTICESHIP WHILE ENROLLED IN THE VCAL?

Yes, you can gain recognition and credit for part-time work while enrolled in the VCAL. This work can include:

- school-based apprenticeships
- part-time work
- structured workplace learning placements.

## HOW IS THE VCAL ASSESSED?

The VCAL is made up of accredited courses/certificates. Your VCAL program is assessed by your teacher in accordance with assessment requirements for each part of the program.

## DO I NEED TO SIT FOR THE GENERAL ACHIEVEMENT TEST (GAT)?

The GAT is a test of knowledge and skills in writing, mathematics, science and technology, humanities and social sciences and the arts. It is done by all students doing one or more VCE Units 3 and 4 sequence. Students doing a scored VCE VET Units 3 and 4 sequence will also be required to sit the GAT. Students whose only enrolment consists of VCAL units are not required to sit the GAT. However, you can choose to sit the GAT if it is appropriate to your pathway into further education, training or employment.

# WHAT DO I STUDY?

With the help of your teacher or careers counsellor, you can develop a VCAL program that suits your particular learning needs and interests. You have the choice of selecting units and modules for each of the following four compulsory VCAL strands.

## STRAND 1 – LITERACY AND NUMERACY SKILLS

Your VCAL program must include literacy and numeracy subjects. These can be selected from VCAL literacy skills and VCAL numeracy skills units and/or VCE English and Mathematics units or selected further education studies such as the Certificate in General Education for Adults.

## STRAND 2 – INDUSTRY SPECIFIC SKILLS

Your VCAL program at the Intermediate and Senior levels must include components of nationally recognised VET qualifications. However, you are not required to focus on, or complete, any single VET certificate. For example, you can choose to complete various units of competency from a range of VET certificates to meet the VCAL requirements and gain experience in a range of vocational areas. The range of VET options is extensive. Some examples are automotive, engineering, building and construction, hospitality, retail, multimedia, information technology, agriculture, horticulture, warehousing and hair and beauty.

## STRAND 3 – WORK RELATED SKILLS

In order to develop employability skills, VCAL gives you the choice of undertaking a structured work placement, or a part-time apprenticeship/traineeship, or part-time work. You can also study units and modules that will help prepare you for work, for example occupational health and safety or job interview skills.

## STRAND 4 – PERSONAL DEVELOPMENT SKILLS

As part of your VCAL program you will participate in projects and activities in your community or school that will help develop your teamwork skills, self-confidence and other skills important for life and work. For example, your school may work with the local council to enhance parklands. The learning you gain from being involved in such a project can be counted towards the VCAL.

# WHERE CAN THE VCAL TAKE ME?

## Can I get into higher education if I successfully complete the VCAL?

If you are considering going to university straight from school, VCAL is probably not the best option for you. Students planning to go straight into higher education usually do the VCE, which allows them to gain an Australian Tertiary Admissions Rank (ATAR) from the Victorian Tertiary Admissions Centre (VTAC). If you are studying the VCAL at Senior level and decide that you might be interested in going on to university, check with your teacher or careers counsellor as some universities will consider students with a VCAL Senior certificate for admission. However, entry straight from school is not the only route into university. Some people study a VET course at TAFE, perhaps leading to a diploma or advanced diploma, and then decide that they would benefit from a university course. VCAL would be a good start along this pathway.

### WHAT ARE MY OPTIONS ONCE I HAVE COMPLETED THE VCAL?

The VCAL will give you practical work-related experience and a qualification that will be recognised by TAFE institutes and employers. Together these will help you move from school into work, an apprenticeship or traineeship and/or further training at TAFE.

Alternatively, if you start studying for your VCAL at Foundation level in Year 11 and successfully complete it, you may consider going on to complete either the Intermediate or Senior level of VCAL in Year 12. Or you might reconsider your options, decide university is the right choice for you after all, and transfer to the VCE.

### WILL THE VCAL GET ME READY TO ENTER A TRADE?

If you have completed VET units as part of your VCAL certificate you will have developed knowledge and skills that employers value, for example industry awareness, use of tools required in the industry, occupational health and safety. Completed VET units will also help demonstrate to an employer that you are keen to work in this industry.
