

ECG Secondary College shines

As part of Community College Gippsland (CCG), ECG Secondary College provides a nurturing, inclusive environment across its Warragul, Leongatha, Pakenham, and Dandenong campuses, where students in Years 9-12 can reconnect with learning, build confidence, and thrive.

The 2025 CCG Awards Night celebrated the dedication, resilience, and achievements of ECG students, alongside learners from CCG's RTO and Learn Local programs. ECG Pakenham campus students were recognised across

key categories, including: Overall Achievement, Most Improved, Excellence in Attendance and Engagement, Citizenship, and the Ampol Best All-Rounder Award. These awards highlight not only academic success but also personal growth, perseverance, and positive contributions to the school community.

"Our students consistently demonstrate perseverance, commitment, and resilience," said Principal Russel Praetz. "Celebrating their achievements reinforces the value of an environment where students feel safe, support-

ed, and empowered to learn in ways that suit them."

ECG's T.H.R.I.V.E. program underpins this supportive approach, combining personalised learning pathways, practical life skills, and holistic development. Students benefit from smaller classes, hands-on projects, and a caring network of teachers and peers, ensuring that learning is meaningful, engaging, and connected to future opportunities.

By focusing on each student as a whole person, ECG helps young people rediscover their

confidence, reconnect with education, and prepare for future study, work, or life beyond school. The success celebrated at the Awards Night is a testament to the college's ongoing commitment to inclusive, student-centred learning.

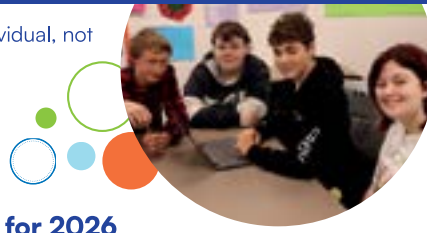

ECG provides a supportive and inclusive environment for students in Years 9-12, offering pathways such as the VCE Vocational Major, Victorian Pathways Certificate, and project-based learning.

For more information about CCG and ECG, visit www.ccg.asn.au or call 03 5622 6000.

A SUPPORTIVE SCHOOL WHERE EVERY STUDENT CAN THRIVE

At ECG, we focus on nurturing each student as an individual, not just their learning. Our program focuses on:

- ✔ **Individualised Learning:**
Tailored programs designed to meet each student's unique needs, interests and goals.
- ✔ **Practical Life Skills:**
Hands-on experience through project-based learning and vocational training.
- ✔ **Holistic Development:**
Grow confidence, resilience, and well-being within a safe, supportive and inclusive community.
